## Welcome to Maine's Accessible Outdoors!

Maine is a place everyone can enjoy. The Bureau of Parks and Lands welcomes all visitors to Maine's natural and cultural wonders. The Bureau is committed to making our state parks, historic sites and other public facilities accessible to people with disabilities and people with special needs.

Each state park or historic site in Maine is unique. Many park features are accessible to visitors with varying needs and abilities. In some parks, however, visitors may need the assistance of a member of their party to access certain features. Other parks have natural elements, such as steep trails or rocky beaches, that may be difficult for some people to use. In addition, weather and other conditions at parks and historic sites change often. The Bureau of Parks and Lands encourages visitors to [contact parks and historic sites directly](#) to discuss their individual needs and abilities with experienced staff.

## Access Features
