

Electronic Registration System (DAVE) Confidentiality and Non-Disclosure Statement

The State of Maine has implemented an electronic death registration system (EDRS). This secure, web-based system will enable the multiple parties involved in producing death certificates (funeral directors, health care providers, and medical examiners) to electronically access records and enter critical information. For deaths that occur after deployment of the system, municipalities with internet access will be able to use the system to print copies of death certificates for their customers. The Chief Information Officer (CIO) is by law, responsible for safeguarding computerized information for the State of Maine. The CIO has determined that individuals who use State of Maine computer resources directly, or who may otherwise have access to computerized information of the State of Maine, be advised of the following:

1. Any USERID and password issued to you is for your exclusive personal use only, and must not be divulged to anyone.
2. You may use State of Maine computer resources for business purposes only and only through those processes/programs specifically authorized to you by the Bureau of Information Services or its agent(s).
3. Title 17-A Section 432 MRSA states: "A person is guilty of criminal invasion of computer privacy if the person intentionally accesses any computer resource knowing that the person is not authorized to do so.
4. Title 17-A Section 433 MRSA states: "A person is guilty of aggravated criminal invasion of computer privacy if the person:
A. Intentionally makes an unauthorized copy of any computer program, computer software or computer information, knowing that the person is not authorized to do so; B. Intentionally or knowingly damages any computer resource of another person, having no reasonable ground to believe that the person has the right to do so; or C. Intentionally or knowingly introduces or allows the introduction of a computer virus into any computer resource, having no reasonable ground to believe that the person has the right to do so.

Individuals having access to computerized information belonging to the State of Maine are required to read and sign a copy of this statement indicating their acknowledgment and understanding of it.
