

State Public Health Systems Assessment Committee Update

State Coordinating Council Meeting
December 17, 2020

Objectives

- Convene Appropriate Partners to Engage in the Assessment Instrument

THANK YOU TO OUR COMMITTEE MEMBERS

- Patty Hamilton, Heather Drake, Rebecca Boulos, Kalie Hess, Christine Lyman, Denise Delorie, Betsy Kelly, Melissa Fochesato, Kristine Jenkins, Stacy Boucher, Jamie Paul, James Markiewicz

Public Health Systems

“all public, private, and voluntary entities that contribute to the delivery of essential public health services within a jurisdiction.”

- ✓ Governmental public health at state, regional/county, and local levels
- ✓ Healthcare providers
- ✓ Comprehensive Community Health Coalition
- ✓ Public safety (Fire, EMS, Law Enforcement)
- ✓ Emergency Management
- ✓ Human service and charity organizations
- ✓ Education and youth development organizations
- ✓ Recreation and arts-related organizations
- ✓ Economic and philanthropic organizations
- ✓ Environmental agencies and organizations

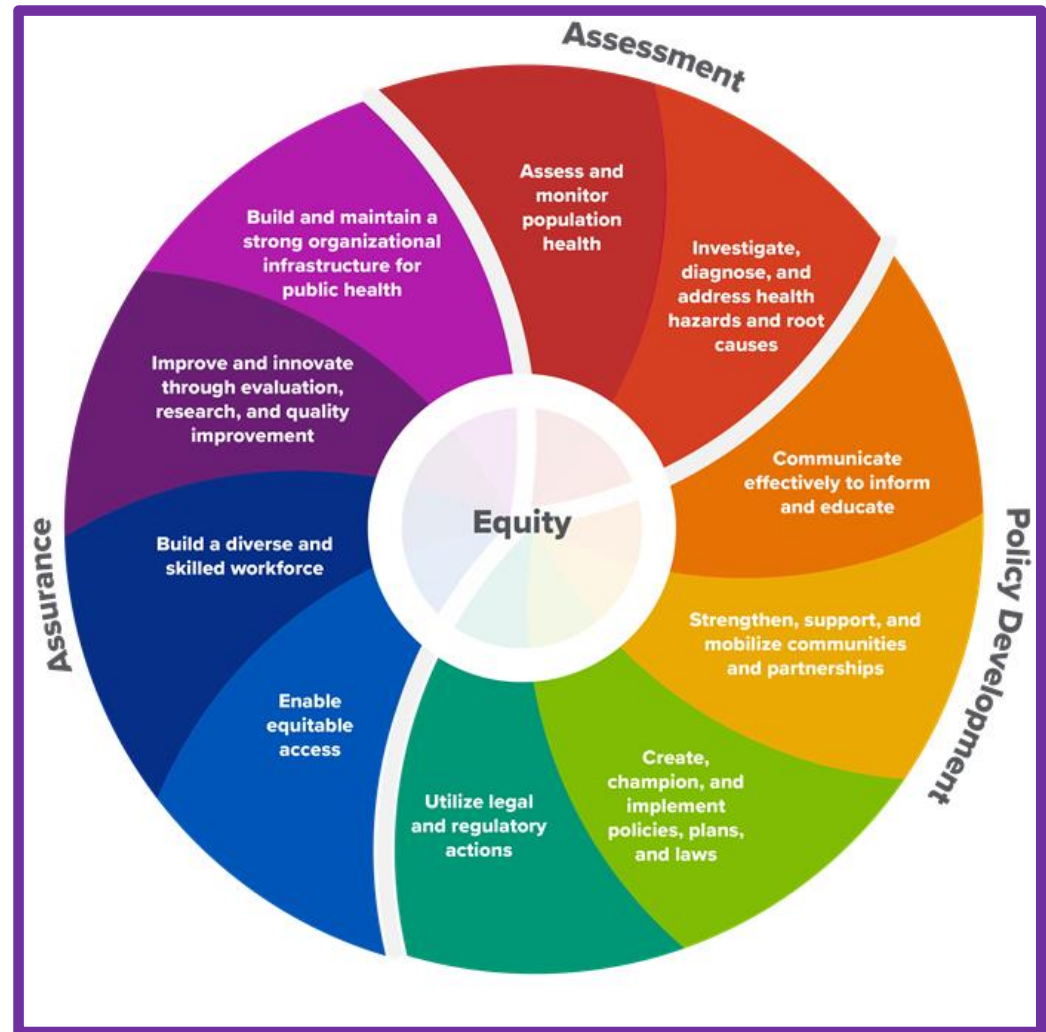

What Public Health Needs to Assure

2020
UPDATE TO ESSENTIAL
PUBLIC HEALTH SERVICES

INCREASES FOCUS ON
HEALTH EQUITY

New framework modernizes
long-standing principles created
in 1994

Public Health Center for Innovations:
<https://phnci.org/national-frameworks/10-ephs>

Key Issues

- Compare 2020 process to 2010 process (SWOT Analysis)
- Dynamics of In Person Meeting versus Virtual Meeting
- Is there another process to include to make this more comprehensive and engaging==Mobilizing for Action through Planning and Partnership (MAPP)
- How to include revised approach of the ten EPHS (health equity)
- Role of State to/from District to/from County to/from Community
- Include Foundational and Functional Public Health Thinking
- Utilize lessons learned from COVID (collaboration of state agencies)

Thank You

Alfred May

Downeast Public Health District Liaison
